

S-3

single screen

S-3 single screen

The newest, and most compact member of the S series is a single screen-box screener that utilises the same state of the art design technology as its bigger siblings to construct a versatile screener for today's requirements.

Perfect for the quarry or recycling operation where durability, production and mobility are paramount.

the
mobile
solution

features and benefits

Features include:

- Spreader plate - this is of unique Extec design to spread material across the full width of the screening facility, while maintaining the velocity of the material particles
- Chassis - this is of the most modern, computer assisted design, capable of withstanding the stresses generated by high speed highway towing, or track slewing over the roughest of terrain
- Extec's unrivalled high frequency screen-box designed for easy change of screen meshes, and unsurpassed screening efficiency
- Remote control tipping grid
- High frequency vibrating grid (optional)
- Chevron belted for reduced spillage
- Large capacity hopper
- On-line shredder (optional)
- And many, many more...

S-3

single screen

Applications include:

- Minerals:
Sand, gravel, coal, limestone, granite iron ore
- Recycling:
Soil, concrete, building and demolition, landfill, road planings

Specification

- Options List**
- Vibrating Grid
 - Tipping Grid
 - Hopper Extension
 - Finger Tines for Vibrating Grid
 - Punch Plates for Grid
 - Mild Steel Hopper Liners
 - Deflector Doors
 - Magnet (overhead)
 - Cat Flap
 - Shredder
 - Reversible Side Conveyor
 - Oil Cooler
 - Oil Bath
 - Dust Suppression (canvas)
 - Spray Bars
 - Water Tank
 - Drop Chutes
 - Diesel Pump
 - Lighting Kit
 - Belt Weigher
 - Daisy Chain (intelligent machine)
 - Head Drum Guards
